GREENTECH

Environment Excellence Award 2010

THE AWARD

The Award now in its 11th year will be presented to companies/units demonstrating the highest level of commitment to environmental management. Greentech Environment Excellence Award serves as a catalyst to understanding the intrinsic value of environmental management in business excellence and sustainability. The award aims to recognise exemplary environmental operations systems and the evidence of their impact to business vitality.

Advantages

1. Reflects your commitment to environment protection.
2. Enhances your Eco-Friendly corporate status and image.
3. Boosts the morale of concerned employees and stakeholders.
4. Motivates management and staff of the organization to excel.
5. Develops your clientele.

Objectives

1. Encourage & motivate to adopt environment protection practices and become role models for others to emulate.
2. Reward employees to stay committed to environment protection.
3. Encourage implementation of strategies for improvement in Environmental operations standards.
4. Recognition for outstanding contribution to Environment Protection.
5. Emphasize the duties, responsibilities and concern, to protect environment and save from pollution and damage by taking preventive and corrective measures.
6. Instill confidence to succeed.

Selection Process

- Preliminary evaluation of nominations.
- Mandatory Oral presentation with original documents by all nominee units in presence of Technical Committee Members.
- Site visit of shortlisted companies/units.
- Award Declaration.

Evaluation of nominations for Greentech Environment Excellence awards is an intensive process. Nominations are evaluated by experts from Government, Academia and Industry.

Eligibility

All Large, Medium, Small Scale industrial / service sector companies/ organizations and their units, Academic Institutions and Consultancy companies are eligible to be considered for the award.
